

Amoreiras Plaza

Majestic presence at the Amoreiras corporate hub

Multi-functional in nature, this building is one of the most emblematic and highly visible buildings in the center of Lisbon, offering the companies located inside all technical and technological requirements for the proper functioning and comfort of a modern office, with an *open-space* structured offer and full flexibility in terms of space.

Located right opposite to Amoreiras Shopping, Amoreiras Plaza is a multipurpose building, combining offices, a shopping gallery with a *food court*, a *health club* and a parking area with the capacity to hold 390 vehicles, approximately.

Engexpor was responsible for managing the project and its construction, contributing to erect this important building in the city of Lisbon, with the rigor and professionalism with which they embrace each challenge.
