

Club Med Trancoso

Renovation and extension modernise exclusive resort

Project and construction management of the renovation and expansion of Club Med Trancoso, located in Porto Seguro, in the south of the state of Bahia, was entrusted to Engexpor. With this intervention, which covers an area of over 20,000 square meters, the resort's 250 rooms (60 Deluxe and 190 Club) are refurbished, with 50 new rooms (Family).

The project also includes the renovation of the restaurant.

Opened in 2002, Club Med Trancoso offers unique experiences that combine the natural beauty of one of the most fascinating places in Brazil with the historical and cultural heritage that marks the region where it operates. The preservation of the authenticity and traces of its colonial history is very evident in this place, wherein 1500 Pedro Álvares Cabral landed, but it is also some of the best beaches in Brazil, its cliffs and the fascination of the Atlantic Forest that make this destination one of most exclusive in the country.
