

Dolce Vita Douro Shopping

A benchmark in Northern Portugal

Inaugurated in Vila Real in 2005, the Dolce Vita Douro is the largest shopping center in the Trás-os-Montes and Alto Douro region and has consolidated its position as a regional benchmark.

The presence of leading international brands, several making their debuts in the Highlands region on the inauguration date, are among the shopping mall's many attractions, which also include a leisure and restaurant area.

Engexpor was in charge of the project and works management alongside the storeowners' committee.
