

Facim Maputo Waterfront

Coordination of the master plan of one of the boldest real estate projects of Mozambique

Engexpor was charged with coordinating the MasterPlan of the Facim Maputo Waterfront project, planned for the Maputo Marginal, in Mozambique. The project will involve the erection of 7 towers ranging from 15 to 34 storeys, destined for housing, services, hotel units and a *shopping* mall, in a built area of 292,400 m² above ground, totaling a gross built area of 292,400 m² above ground.
