

Hilton Garden Hill

A new landmark in the hotel business in Évora

The development of a new four-star hotel by Hilton is creating a new central location in Évora. Located next to Rossio de São Brás, a few minutes away from the historical centre of the Alentejo city, Hilton Garden Hill has an area of more than 8.000 m² and will feature 130 rooms and an outdoor rooftop pool with bar and terrace.

The hotel unit that Engexpor is overseeing in the project and construction management, also has a restaurant, gym and a meeting room with capacity for 130 people, as well as 79 parking spaces.

With an architectural project by Rui Silva Russo-Atelier de Arquitetura e interiores designed by Nano Design studio, Hilton Garden Hill aims to stand out for the vibrant and sophisticated atmosphere it provides to its visitors, investing in architectural and decoration details that are influenced by the local cultural and historical heritage.
