

Pine Cliffs Ocean Suites

Sublime experiences in luxury apartments

Drawing inspiration from the Portuguese discoveries with exquisite hand-painted tiles, the design of the new Pine Cliffs Ocean Suites creates the perfect blend between the luxurious, classic style of Portuguese culture and the *glamour* of the The Luxury Collection brand.

The 76 luxury apartments, located by the ocean next to the golf course, are spacious and offer a comfortable environment inviting guests to relax and unwind, with a fully equipped kitchen, living room and dining room. In the bedrooms, featuring signature The Luxury Collection beds, the wide, full-height windows offer magnificent views, while flooding the room with abundant natural light.

The venture, which includes stores and a Spa, involved project management by Engexpor.
