Combining tradition and innovation to create exclusive apartments

With more than a century of history and completely renovated, The Boulevard - Lisbon Apartments combines the refinement and charm of the past with the sophistication and comfort of modern times.

At the beginning of the luxury avenue and on the way to the charismatic downtown, stands the historic Restauradores Square. It is in this place, symbol of the independence of Portugal and witness to the singular elegance and aesthetics of the buildings erected throughout the centuries, that stands the iconic building The Boulevard, name that is a tribute to the public walk of the eighteenth century that today is Avenida da Liberdade.

The exemplary recovery has given life to 46 exclusive apartments, where tradition and innovation meet.
