

Torre's Condominium

Privileged location in Lisbon's uptown

Torre's Condominium is one of the 12 projects already completed in Lisbon's uptown, one of the largest real estate projects in the Portuguese capital, started in 1984 and which marked a new urban concept in the city.

With a total of 800 apartments, Torre's condominium is one of the largest developments ever developed in Lisbon's uptown. With a privileged location about 500 meters from the metro station Lumiar, in close proximity to the garden of Quinta das Conchas and the renowned São João de Brito School, the development has 24/7 security and bright apartments in which comfort and comfort are embraced by ample green areas outside.

Lisbon's uptown already has a total of 4000 apartments and 28,000 residents, which will reach 60,000 when the project is completed in 2035.
